

SPICER®

Off-Highway Spicer® Transmission Seal and Gasket Kits

Save Time and Money with Spicer® Kits

Spicer® Off-Highway Transmission Seal and Gasket Kits ensure you have what you need on hand to streamline complicated transmission repairs. See other side for additional details.

Spicer® Off-Highway Transmission Seal and Gasket Kits

Get everything you need to simplify off-highway vehicle transmission repairs with Spicer Transmission Seal and Gasket Kits. Complete with components that more closely match model coverage than our previous offerings, plus O-ring identification sheets, these cost-effective kits eliminate the guesswork in O-ring identification and save valuable time.

T12000 TRANSMISSION SEAL & GASKET KITS		
Kit Part Number	Kit Application/Description	End User For Transmission Model
10075961	Various short and intermediate drop transmissions used by Defense Technology (including models with hydraulic inching option)	Hyundai, Ingersoll Rand/Volvo Construction, Manitex Liftking, Royal Tractor, Samsung and Terex-Genie

T13/TE17 TRANSMISSION SEAL & GASKET KITS		
Kit Part Number	Kit Application/Description	End User For Transmission Model
10083219	TE13 & TE17 Transmissions with full flow control valve	SMV, Fantuzzi, Otomills, Taylor & in certain Kalmar applications
10084815	TE13 & TE17 Transmissions with full flow control valve	Doosan, Clark Australia & in certain Kalmar applications
10084770	TE13 & TE17 Transmissions with full flow control valve	Linde, Sany, China Longgong, Dailian Forklift & in certain Kalmar applications
10084973	TE13 & TE17 Transmissions with full flow control valve	CVS and Hyster-Yale
10085045	TE13 & TE17 Transmissions with non-full flow control valve	Taylor
10085048	TE13 & TE17 Transmissions with non-full flow control valve	Doosan
10085058	TE13 & TE17 Transmissions with non-full flow control valve	Certain Kalmar applications

TE27/TE32 TRANSMISSION SEAL & GASKET KITS		
Kit Part Number	Kit Application/Description	End User For Transmission Model
10088084	TE27 & TE32 Transmissions with full flow control valve	CVS, SMV, Sany, Linde, Kalmar, Fangan & Clark Australia
10088122	TE27 & TE32 Transmissions with full flow control valve	ZPMC, Telco Construction, Otomills & China Lonking
10089437	TE27 & TE32 Transmissions with non-full flow control valve	Kalmar
10089519	TE27 & TE32 Transmissions with non-full flow control valve	PPM
10089864	TE27 & TE32 Transmissions with full flow control valve	Taylor & Hyster-Yale
10088084	TE27 & TE32 Transmissions with full flow control valve	Fantuzzi
10090551	TE27 & TE32 Transmissions with non-full flow control valve	SMV, Fantuzzi, Hyster-Yale, Belotti and CVS
10090613	TE27 & TE32 Transmissions with non-full flow control valve	Linde and Clark Australia
10090616	TE27 & TE32 Transmissions with full flow control valve	PPM
10090728	TE27 & TE32 Long Drop Transmissions with full flow control valve	GHH and Atlas Copco
10095040	TE27 & TE32 Long Drop Transmissions with full flow control valve	Allied Systems and Kunming
